My Internship

Starting out as a summer youth intern was like moving to a new city, you only act like you know what you're doing or where you are going. I honestly had no idea what this internship would hold for me or what I could benefit from it. Throughout the summer so far I have learned so much. Talking with Doug every morning has really opened up more insight in the Bible for me. I notice things that I would not have noticed before. Papa Todd is well being Papa Todd. He told Brendan and me that we are under a microscope and he will be watching us carefully. Papa, Brendan, and I have planned some trips here and there for the youth group and getting to do so is always something I enjoy.

I have also been able to participate in the Meals-On-Wheels program with Jay Wilkins. Getting to deliver food to shut-in's or others who need it is a good learning experience. It really tells me how lucky I am to be able to go out and get food whenever I want it. Lori Goodman and Adelaide Butler have been extremely helpful to me. Constantly reminding me on who is sick and who to visit. Having the opportunity to do this internship is really amazing. I feel a lot more involved with the church. I know people who I did not know before and I am getting closer to the people I barely knew.

Getting to coordinate the Wednesday services has been fun so far. Being involved in the services is a big factor for me. It says to me that I am a part of the church and I belong. I want to thank not just a few people but my church family as a whole. I really appreciate everything that the church has done for me and I am glad to be your youth intern this summer.

– Aaron Rumford
