## Teddy Bear Ministry

On January 10, our daughter Sara had to take Macy, one of the twins to the ER. She had been sick for a couple of days and had to be taken to the doctor, but a few days later she became much worse during the night. Needless to say being in an ER can be traumatizing, especially to a 3 year old little girl. When she got there, one of the first things they did was give her one of "our" teddy bears. Through all the needles and probing she clung to that teddy bear. Sara was overwhelmed with gratitude. She said, "to please let everyone know how grateful she was and how much comfort their thoughtfulness had brought to her baby." This is just one of the many reasons why Garry and I love you all so much.

By the way, I guess I should tell you she was able to take Macy home the next morning, but she was one sick little girl. Not sure exactly what she had. It was not the flu or pneumonia. She was having difficulty breathing, a horrible croupy cough and a fever that had gone as high as 105. But she is doing better now.

This is a picture of Macy and "Snowy Bear" saying thank you.
