Teens to Sleep in a Cave. Hebrews 11:38 says that some of God's people had to sleep in caves of the earth. Some of our teens are choosing to spend one night camping in Cumberland Caverns in McMinnville, TN this Sunday evening. There is disagreement among scientists how this cave was formed. Evolutionists say that it was formed by a little water over a long period of time. Creationists say that it could have been formed by a lot of water over a short period of time, perhaps even the retreating waters of a worldwide flood mentioned in Genesis 8. Steve Wallick can answer questions you might have about this trip.

“To get something you never had, you have to do something you never did.” When God takes something from your grasp, He's not punishing you, but merely opening your hands to receive something better. Concentrate on this sentence... “The will of God will never take you where the Grace of God will not protect you.”

There were two families left out of placing membership in 2008. They were Ralph and Janie Taylor and Dennis and Keri Donaldson.
