World Bible School Impact Sunday Is May 3, 2009. Last Sunday, Rick Shur told us that the USA has the 4th largest number of students enrolled in World Bible School with about 250,000 students. We are the world's 3rd largest mission field. Evangelism by the World Wide Web remains a great opportunity. A special contribution on May 3rd will be taken for WBS. You may also wish to become a WBS teacher & you can do so by enrolling at <http://www.worldbibleschool.net>.

What About Life On Other Planets? Though the question of life on other planets is a hot topic in our culture today, there is no evidence that any extraterrestrials exist. We are spending millions of dollars to explore outer space in the hope of finding them. Sadly, the search for "Klingons and Vulcans" is based on the assumption that evolution took place here on earth and it also must have occurred elsewhere in the universe. Some desperately hope that advanced alien cultures exist so they can teach us how to have world peace or how to cure our diseases with their medical knowledge. In one sense, this belief in extraterrestrial life has become a non-religious replacement for God, because He is the One who teaches about real peace, and can heal our bodies.

This Sunday evening at 5:00 P.M., we will consider the implications of worldviews as it relates to the question of life on other planets. If aliens exist, would this be confirmation that evolution occurred? If intelligent beings exist elsewhere, have they sinned and if so, would they need redemption? This topic should be of interest to those who are interested in finding answers to life's most important questions.

The U In Jesus

Before **U** were thought of or time had begun,
God stuck **U** in the name of His Son.
And each time **U** pray, you'll see it's true,
You can't spell out Jes**U**s and not include **U**.
You're a pretty big part of His wonderful name,
For **U**, He was born; that's why He came..
And His great love for **U** is the reason He died.
It even takes **U** to spell cr**U**cified.

Isn't it thrilling and splendidly grand
He rose from the dead, with **U** in His plan.
The stones split away, the gold tr**U**mpet blew
and the word res**U**rrrection is spelled with a **U**.
When Jes**U**s left earth at His upward ascension,
He felt there was one thing He had to mention.

'Go into the world and tell them it's tr**U**e
That I love them all - Just like I love **U**.'
So many great people are spelled with a **U**.
Don't they have a right to know Jes**U**s too?
It all depends now on what **U** will do,
He'd like them to know
But it all starts with **U**...

COOPERATION

A horse can't pull while kicking,
This fact I merely mention;
And he can't kick while pulling,
Which is my chief contention.
Let's imitate the good old horse,
And lead a life that's fitting;
Just pull an honest load, and then,
There'll be no time for kicking.

Imagine. Today's technology harnessed to fulfill the Great Commission.

Consider this. *You Tube* videos driving souls to World Bible School's web site and to God. Worldwide communities of WBS students and teachers flourishing on *Face book*. Targeted *Goggle* ads leading web surfers to Jesus. WBS technologies like *myWBS* enrolling more students than ever, and teaching them more effectively. Much of this dream is a reality now. But we need your generous support on *Impact Sunday May 3rd* to complete it during 2009. Help us reach the world's lost using technology.
